## *welcome* BEAUTIFUL BRIDE-TO-BE

Congratulations on your engagement,  
and thank you for considering me to be part of such a meaningful chapter in your life.

My approach to bridal makeup is rooted in ease, elegance, and timelessness.  
It's always about more than the makeup & products;  
it's about how you feel when you step into that moment of becoming a bride.

With over a decade of experience and hundreds of weddings across the UK, Europe  
and beyond, I specialise in creating makeup that enhances rather than masks;  
Skin that feels balmy, radiant, and fresh.  
Eyes that are soft yet captivating.  
Makeup that feels undeniably you.

I draw inspiration from timeless red-carpet glamour, with looks that are modern and  
elevated, yet still something you'll look back on with love and recognise as your truest  
self.

Every wedding tells a story, and it's my privilege to ensure yours is celebrated in the  
most natural and effortless way.

While I'm preparing your bespoke bridal quote, I hope these pages give you a glimpse of  
what it means to be a Natalie Kate Bride and the calm, considered experience that  
awaits you.

*Love,*

We will also exchange numbers so you can reach me via whatsapp/text as needed.

### **Your Bridal Look**

Every bride is different, and so is every bridal look. My role is to create something bespoke, shaped by your preferences, your dress, your flowers, and the atmosphere of your day. Bridal makeup is about enhancing your natural beauty; whether luminous and red-carpet inspired, or soft, classic, and understated. There is no one-size-fits-all approach. What matters most is that you feel comfortable, confident, and flawless.

No two bridal looks are ever the same. Whether minimal and neutral or glamorous and smokey, my focus is always on creating a polished, perfected version of you..  
one that photographs beautifully and lasts from morning to night.

I also pride myself on adapting every look, whether I'm working with brides, bridesmaids, or mothers of the bride and groom. Everyone deserves to feel radiant on the day.

### **The Preview**

Your bridal preview is where we bring your vision to life. It's a relaxed, creative session where we explore your ideas, refine the details, and ensure everything feels true to you. It's also a chance for us to meet, talk through your plans, and create a look that wears beautifully, photographs seamlessly, and feels effortless from morning to night.

Think of it as a calm, pampering step in your wedding journey; a moment to pause, get excited, and see your bridal look come together.

### **The Wedding Morning**

*Calm + Considered.*

With a carefully structured timeline, your preparation becomes unhurried and intentional. Final touch-ups, excited giggles, lipstick top-ups, and quiet moments are built into the morning so you step into your dress feeling radiant and present.

# DESTINATION WEDDINGS;

There is something unforgettable about a wedding abroad; golden light in Tuscany, sea breezes in Santorini, candlelit dinners in Provence. Your makeup should not only withstand the climate but also feel at home in every photograph, from vows at golden hour to dancing under the stars.

My destination bridal process is designed to feel calm, luxurious, and completely seamless, no matter where in the world your celebrations take place.

## **The Destination Process at a Glance**

### *Where you are now*

You've enquired, and I'm preparing your bespoke destination bridal proposal; tailored to your location, travel, and bridal party plans.

### **Next**

Review your proposal and secure your date with a booking fee. Once confirmed, you'll gain access to your personalised Natalie Kate Bride Portal.

## LOVENOTES FROM PREVIOUS BRIDES

*“It was such a perfect start to my wedding day and I was so grateful for Natalie’s calming presence”*

*“Nothing was ever too much trouble. I had numerous trials as I had no idea what I really wanted. Finally we found the perfect look, I no longer felt like just a mum”*

*“At the age of 54 trusting someone to do your makeup for a special occasion is massive, as it’s easier to make a younger person look wonderful but requires more skill as you get older. Natalie is so professional, made me feel special, put me at ease and brought out the best of me. I was complimented all night”*

### **AND A FINAL THANKYOU FROM ME,**

Thank you for considering me to be part of your day. It’s a privilege to be invited into such a meaningful moment.

I hope this guide gives you a glimpse into the calm, considered approach I bring to every wedding morning. Your bespoke quote will be with you shortly.

I can’t wait to meet you in the makeup chair.

With love, Natalie x

**Can I book before knowing my final bridal party numbers?**

Yes. Many brides secure their date first and confirm final numbers later.

**What if I'm unsure about what look I want?**

That's exactly what your preview is for. We'll try, refine, and shape a look until it feels perfect.

**Will you travel to my venue?**

Yes. I travel to wherever you're getting ready; at home, at your venue, or abroad.

**How many makeups can you complete in a morning?**

Each booking is carefully planned so your morning runs seamlessly, without rush.

**Do you offer bride-only packages?**

Yes. If this applies to your enquiry, those details will be included in your bespoke proposal.

**Why is your enquiry form so detailed?**

Because it's never just makeup to me. Every bride and every day is unique. By understanding your plans, themes, and preferences, I can create an experience that feels considered, personal, and entirely yours.
